Together Everyone Achieves More

14th September 2018

Dear Parents/Carers,

Today we received the final report from the July Ofsted. The school has received a 'requires improvement' judgment for its overall effectiveness but 'good' for Early Years, Personal Development, Behaviour and Welfare.

Obviously this is a disappointing outcome for all of us but, given the lack of time since the previous inspection at the end of January 2018, time to consistently demonstrate impact on school improvement has been limited. What comes across positively and clearly is that the journey we are all on is the right one for our children and, given more time, the actions we are taking will, and are already, making a positive impact.

We are highly delighted that inspectors confirmed what we already know about our Early Years' experience here at Kerr Mackie, as well as the work we do to support our children's Personal development and welfare. Kerr Mackie children never fail to impress and showcase the best of their school!

The School Improvement Plan for this year reflects our internal evaluations from last year as well as the feedback in this report.

There many positives to celebrate in this report and we hope that you will join us in recognizing them. Every family will receive a copy of the report today and it has also been uploaded to the school website.

We will remain strong and united as we continue our improvement journey together.

Kind regards
Yours sincerely,

Mrs J Millington
Headteacher

'Leaders show considerable moral purpose. All staff show a sustained commitment to pupil's social and emotional welfare. Pupils behave positively as they feel valued and supported.'
Ofsted July 2018.
