		Equipment	2000
		Sports Playground markings	2782
		Next family PE Service	1134
Balance of spend to carry forward to cover planned training	3936		-1289

Evidence of Impact

Lesson observations have found teachers have improved skill levels which focus on developing skills within each lesson and a series of lessons. They have a greater subject knowledge and enthusiasm to teach PE as a result of the training they have received.

A higher number of pupils are participating in intra and inter school competitions. The year the school paid in to the SLA brought some benefits and pupils were able to attend an increased number of sporting events.

The following year, the school developed a strong partnership with Roundhay All Through School which has greatly benefited the pupils. Pupils have taken part in a larger number of sporting events and competitions.

The school received the Bronze award in the Sainsbury's School Games and Youth Sports Fund Silver Quality mark.

We have also received the following comment from the Sports leadership Co-ordinator of Roundhay All Through School and from Sports UK who delivered the CPD sessions and team teaching lessons.

Over the past two terms, I've been thoroughly impressed with your schools contribution to Roundhay's PE & Sport Partnership. Attendance to all events this year so far has been exemplary, attending not only all inter-primary competitions such as Indoor-Football and Netball but also all non-competitive 'Come & Try Sessions'. Disregarding the sessions open to all schools, your pupils have also engaged in Kerr Mackie only 'Come&Try Sessions' gaining an insight into sports such as Badminton, Hockey, Volleyball and Basketball. This gives our sports leaders a more hands on

opportunity to interact with Kerr Mackie children, whilst giving them an opportunity to participate in sports that are not so easily accessible.

I would also like to take this time to acknowledge how much of a pleasure it has been for us to work alongside your pupils. All 'Come&Try' sessions have worked extremely well thanks to the behaviour and attitude of all pupils who have been selected to attend. Your pupils have been polite and very personable for all Roundhay Staff that they interact with. Furthermore, the PE subject leader has been fantastic this year, maintaining regular contact with myself to ensure your pupils are receiving the best possible opportunities. The enjoyment for sport that is noticeable within your pupils, stems from the staff at Kerr Mackie, who create a fun sporting atmosphere for all pupils no matter their ability.

Kind regards,

Jacob Odu
Sports Leadership Coordinator
Roundhay School: All through school from 4 to 18

Kerr Mackie brought in Sports (UK) PE specialists to help raise the standard of PE and help up skill and provide continued professional development (CPD) to all class teachers in the delivery of PE. I have worked at Kerr Mackie for a number of months over the past two academic years and from day one all staff have welcomed me in to the school.

The way it worked

There would be an introduction to the topic during a twilight INSET session before the new half term, covering the subjects to be taught. Techniques, skills, tactics, teaching points and progressions all covered for the sports to be covered. Then support would be given to the individual classes with their new topic at the beginning of each half term, with myself delivering and team teaching the initial lesson. The class teacher then having a week of consolidation before I return for another team teach but the class teacher taking the main lead on the lesson.

All staff have shown fantastic progression over all subject areas, there has been a definite increase in confidence and knowledge and as a result the children are displaying greater knowledge and skill in PE.

I was so pleased to see a primary school with such enthusiasm towards PE and up skilling their staff. This enthusiasm was driven forward by a passionate PE coordinator in Heather Howard and Head Angela Ronicle.

The behaviour of the children at Kerr Mackie has always amazed me, very attentive and willing to learn and try hard in PE, obviously driven by a strong school ethos.

It has been a pleasure working with staff and students at Kerr Mackie, I look forward to working with them more in the future.

Kind Regards
Chris Stewart
